FOREWORD

We invite you to be with us for our registered Scotch Shorthorn Sale. Since we are putting more of our land under cultivation, we find it necessary for us to reduce our female herd.

For the past several years we have been assembling our herd of Shorthorns. We have traveled far and visited many herds, and are offering for this sale 3 bulls, 57 females and a number of Club Calves. You will find these cattle of medium type, as good as their pedigrees. You will see when you look through the catalog that the foundation cows were purchased from the leading herds of this country and nothing but the best bulls were used. This is without doubt the finest group of cattle we have ever offered.

You also will find that these cattle will give a good account of themselves when raised under the average farm conditions. Most females are calfhood vaccinated as this has been our practice for many years.

To assist our buyers, these cattle can be left at the farm until trucks can be arranged for.

GENERAL INFORMATION

Terms — The terms of sale are cash unless arrangements are made in advance. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

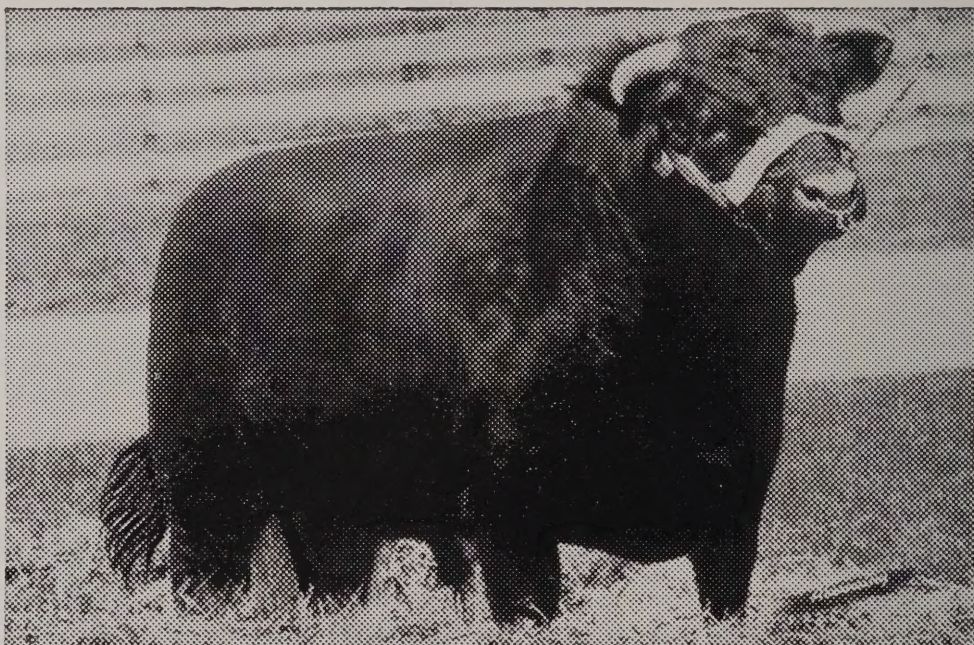

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of our guests.

Mail Bids — Those unable to attend the sale may send their bids to Auctioneers or Staff of the Shorthorn World, Aurora, Ill.

Auctioneers — Don Smock, Whiteland, Ind., Harvey Miller, Danvers, Ill.

Representatives — American Shorthorn Breeders' Assn.

Lunch on grounds.

S & M Orange Maid a late summer yearling from our show string by Ashbourne Head Cashier. Champion son of Ashbourne Bank Balance. Sells open. Calfhood Vac.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not selling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments shall be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to sale, or will have Certificates of Bangs Calftlood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
